Examination Administration

The CPLCP™ Examination is administered during an established testing period on a daily basis, Monday through Saturday, excluding holidays, at computer-based testing facilities managed by PSI.

Scheduling Your Examination Appointment

Once your Application has been received and processed, your eligibility will be verified. Within six (6) weeks prior to the first day of the testing period, you will be emailed a Scheduling Authorization. The Scheduling Authorization will indicate how to schedule your examination appointment as well as the dates during which testing is available. A candidate not receiving a Scheduling Authorization or other correspondence at least three weeks before the beginning of the testing period should contact PTC at 212-356-0660 or ptcny@ptcny.com.

Appointment times are first-come, first-serve, so schedule your appointment as soon as you receive your Scheduling Authorization in order to maximize your chance of testing at your preferred location and on your preferred date. After you make your test appointment, PSI will send you a confirmation email with the date, time, and location of your examination. Please check this confirmation carefully for the correct date, time, and location. If you do not receive this email confirmation or if there is a mistake with your appointment, contact PSI immediately at 1-800-733-9267.

Your current government-issued photo identification, such as a driver's license or passport, must be presented in order to gain admission to the testing center. PTC also recommends that candidates bring paper copies of their Scheduling Authorization and their PSI Appointment Confirmation email.

Note:

- It is your responsibility as the candidates to contact PTC at 212-356-0660 if you do not receive your Scheduling Authorization email at least three weeks before the start of your testing period.
- It is your responsibility as the candidate to contact PSI to schedule your examination appointment. You can schedule online at www.psiexams.com or over the phone at 1-800-733-9267.
- It is highly recommended you become familiar with the testing site prior to your testing date.
- Arrival at the testing site at the appointed time is the responsibility of the candidate. Plan for weather, traffic, parking, and any security requirements that are specific to the testing location. Late arrival may prevent you from testing.

Special Needs

The CPLCP™ Certification Board and Professional Testing Corporation do not discriminate against candidates based on gender, race, sexual orientation, religion, medical condition, or disability. All facilities are ADA compliant. Special testing arrangements may be made for special needs individuals. Special testing arrangements may be made upon receipt of the Application, examination fee, and a completed and signed Request for Special Needs Accommodations Form, available from www.ptcny.com or by calling PTC at (212) 356-0660. This form must be uploaded with the online application at least EIGHT weeks before the testing period begins. Please use this form if you need to bring a service dog, medicine, food or beverages needed for a medical condition with you to the testing center.

Information supplied on the Request for Special Accommodations form will only be used to determine the need for special accommodations and will be kept confidential
